To whom it may concern

We certify herewith that EastWave Building Company Sp. z o.o. was general contractor of the McLane Polska sp. z o.o. facility in Czeladź consisting of dry goods warehouse, freezer and office/social component.

The project was executed in timely manner, with direct involvement and close cooperation of the company management, to our full satisfaction. EastWave presented broad range of flexibility in order to be able to fulfill our requirements in regard to McLane's corporate standards, budget assumptions and quality of the end product and workmanship.

We are pleased to recommend Messers EastWave for general contracting of the projects of the same kind and nature.
