To whom it may concern:

MCTI Polska Sp. Zoo, a 100% subsidiary of MITSUBISHI CORPORATION has recently purchased over 20 000 m2 warehouse building including 850 m2 office space in Alliance Logistics Center in Błonie, developed by Menard Doswell & Co. and constructed by EastWave Building Company Sp. z o.o. located in Warsaw, ul. Smocza 27.

Performance of developer and so the contractor – EastWave Building Company met our technical requirements. Our building was constructed according to international standards, with high level of quality and was erected according to schedule. Both warehouse and office parts were constructed according to our specific wishes and advises. EastWave Building Company proved to be a reliable construction company capable of handling any project.

We highly recommend EastWave Building Company as a partner for any construction project.
